

**LEE & BETA TAYLOR - Missionaries in Cameroon**

**NOVEMBER 2015**

The first quarter is over and the Lord has been working abundantly here in Yaoundé.

Lee has started mentoring two students once a week and he is very excited to see them grow in their relationship with the Lord. Siyoung is a Korean missionary kid who is figuring out what it means to have a personal relationship with the Lord. David is a Cameroonian 11th grader who is discerning how much effort he should put into reading

the Bible and praying since those things are part of the curriculum already. Pray that these students see God working in them and in others and the importance of maintaining the relationship and staying in the flow of the Spirit.

The students have a very rigorous workload here at Rain Forest International School (RFIS), and there seems to be a little bit of contention among the students at the amount of work we expect them to do. They don't have much of a frame of reference as to what an AP class should be like and sometimes are surprised that they are expected to do college-level work and studying in these classes. We teachers here are praying that the students would prioritize their time wisely so that they have enough time to study, rest, and to "be a kid" every once in awhile.

We have also been continuing our ministries in building relationships with the young men and women in the volleyball circles. Trinity men's volleyball team is led by our friend and Lee's PE assistant, Didier. He is a Cameroonian with a heart for ministry and a love for volleyball, and we are working together to figure out new and innovative ways to bring these young men to understand and experience the love of Christ. Beta, on top of being an assistant coach

for Trinity, has recently started playing for a team in our area made up of Cameroonian women. She will have the opportunity to get to know them and make a difference in the lives of these leaders in the volleyball community.

**PRAISES**

- The students are great! We are in love with all of them, their great attitudes and willingness to work hard. They are all sweet, funny, and fun to teach!
- A smooth transition, no homesickness, good friends, and support here in the community.

**PRAYER REQUESTS**

- Siyoung's understanding of the light that is within him, and the importance of that relationship.
- David not to lose his saltiness as he tries to find time for the Lord. (Same prayer for the Taylors)
- The students' rigorous workload, their attitudes and understanding of the purpose of the work.
- The volleyball ministries taking place here in our city, including Trinity the team that we coach and Bafia the new team Beta has started playing with.
- That our relationships would be strong, for opportunities to spread the Gospel to those seeking.
- Beta's sister's cancer diagnosis, that iodine therapy/recovery would go well.
- For the local missionaries who are working tirelessly to reach the people in the city as well as the villages all over Cameroon.

---

We would like to emphasize the leadership and passion of some of the locals with whom we have made contact so far, like the leader of the Trinity Volleyball Ministry. For more information about Special Projects in Cameroon, which help support local programs, go to <http://www.nabconference.org/give/special-projects>
