

NOVEMBER 2024

## SUMMER IN THE US AND HUNGARY

### *Praises*

- Laci's visit in the States was great in the summer! We are praising God for Laci's health after his surgery! Oncologist controls in every two months after his tumor surgery.
- Summer camps went great with the ministry and were a delight in those communities to share the love and comfort in Jesus!
- Continual open doors in communities.
- We got many help and love to build our home! We are close to the finish line! God is faithful!
- For our 10<sup>th</sup> anniversary, for our three beautiful children!

### *Prayer*

- Our daily quiet times,
- Our family of five.
- Our ministry team to grow in spirit and number.
- Apc community work and the starting youth group.
- Our new Home Church in Hatvan.

*But as for me and my family, we will serve the Lord.*

JOSHUA 24:15 (NLT)

### **Summer in the US for Laci**

Laci had the opportunity to meet many of you and connect at the NAB Triennial Conference in July, then visit eight NAB churches in the US and Canada to share about our ministry and life in Hungary. Thank you for your warm welcome, friendships, and longer partnerships! We are looking forward to work together for His Kingdom with you!

### **Summer in Hungary for Eszter**

Eszter and our ministry team had summer camps in two villages with over 100 children and youth. We had

singing, Bible stories, games, crafts, and Native American culture groups in our camps this year. They were really fun, blessed, and warm! We continue through the year to work with those children, youth, and their families using the strategy of Community Health Evangelism.

Our goal is to help encourage the Church members to find their gifts and use them in ministry to reach others for Jesus! These clubs are also open doors for the church to connect and reach families for Jesus! We would like to continue with summer camp in Hatvan! And also a great opportunity to help the Bible School students to find their ministries and gifts!

One week, Eszter served at the Word of Life Camp as a counselor and the boys were campers. It was great to go back after ten years with children to show the place where their mom grew and learned a lot.

### With Our New Home Church

With the Hatvan Baptist Church and Word of Life Students, we have English Clubs Friday evenings for children and youth in Hatvan. In this town, there are around 25,000 people living, but just a little Baptist Church with 30-40 people. So the field is big to reach!

### With Our Team

Meeting with our Ministry Team: planning, praying, discussing, praying to God to show His plan in our region and to be able to be in it day by day, see Him work and to be used by Him. We work in three communities. Thank you for supporting us and praying for and with us for His Kingdom to come in the areas where we connect with people. We need you in our Team! Please write us if you are open to come for a short or longer time also to be part of the work here.
